## **CLASSES TUTORED**

PHYSICAL SCIENCE

7/8 MATH

HS WORLD HISTORY

CHEMISTRY

PHYSICS

## **ABOUT THE TUTOR**

When my husband and I began homeschooling fifteen years ago, we did so with the idea that we needed to train up each of our girls in the way that she should go – and what a journey it has been! Our oldest, Elizabeth is married and is practicing law in Washington DC; our youngest, Nicole, lives with her and attends college in DC. Emilee is a psychometrist, and Grace is attending vet school at Michigan State.

I earned my BA from Calvin College, many years ago, with a major in English and a minor in Biology. In addition to teaching my own girls, I have taught at a few home school co-ops, and I currently tutor students out of my home. I still believe that each student needs to be taught in the manner in which they best learn, pursuing their passions and dreams; my goal is to help them along their path.

This will be my second-year teaching at Koinonia; I thoroughly enjoyed teaching physics this past year! I'm looking forward to teaching physics again this year, along with a few other classes, and hope to grow and learn alongside the students.

In my free time I enjoy reading and gardening – however, I rarely have free time!
