CLASSES TUTORED

MS Intermediate English 2
Algebra I
Geometry

ABOUT THE TUTOR

For thirteen years I have enjoyed teaching math and English at Koinonia. Previously I taught full time for nine years, stayed at home with my young children for a few years, and then started substitute teaching. I also work for EnCourage Institute (a company that tutors students in reading, math, and ABA therapy.) My education degree is a B.A. with a triple minor in math, language arts, and music from Cornerstone University. I also hold a provisional teacher's certificate. While teaching full-time, I taught at Oceana Christian School in Hart, MI, Algoma Christian School in Kent City, and at various other schools when substituting. For three years I graded MEAP tests. The subjects I graded were: 4th grade writing, 8th grade math, high school math, and high school science. In the past I have also tutored students in junior high and high school math. My favorite subject is math, and I took 5 years of high school math (8th – 12th: Algebra, Geometry, Algebra II, Trigonometry, and Pre-calculus). In college I was also very adept at writing. At an early age I became a Christian and have grown in Christ throughout my life. My husband and I serve at our church. We count it a privilege to be able to work with our four children as they are becoming teenagers. Teaching at Koinonia, I have appreciated the great group of students and parents who work hard and have excellent attitudes.
