CLASSES TUTORED

MS Art – Cartooning

ABOUT THE TUTOR

I am currently attending Kendall College of Art & Design, majoring in Digital Art & Design. My past experience includes storyboarding educational animations and creating book illustrations for Kent Career Technical Center, competing on a national level in SkillsUSA for advertising design, as well as graphic design work for UFCW Local 951. God has blessed me in my pursuit of art, and I aspire to share the same passion He gave me with other growing artists. Koinonia has been a home to me as I graduated here and am proud of the amazing homeschool community.
